About us:

Here is the revised profile, with your two points accurately added and corrected (Mrs. Villoo Poonawalla + single-company experience):

Mr. Srinivas Mateti

Founder & Managing Director
VNH Pharmaceuticals Pvt. Ltd.

Mr. Srinivas Mateti is a distinguished healthcare professional with 18 years of continuous experience in the pharmaceutical marketing industry, having worked entirely with a single organization — Serum Institute of India. His long-standing association reflects loyalty, consistency, and deep domain expertise.

During his tenure at Serum Institute of India, Mr. Mateti delivered outstanding performance and achieved highest target accomplishments on multiple occasions. In recognition of his excellence, he received awards and appreciations from Mr. Adar Poonawalla, Mr. Cyrus Poonawalla, and Mrs. Villoo Poonawalla, marking a rare and prestigious acknowledgment in the pharmaceutical industry.

After completing 18 successful years with Serum Institute, driven by a strong ambition to build a value-driven healthcare organization, he founded VNH Pharmaceuticals Pvt. Ltd. with the support and trust of 10 senior pediatricians.

The name VNH represents “Vaidhyo Narayano Hari”, signifying the belief that *doctors are equivalent to God*, a philosophy that forms the ethical foundation of the company.

Mr. Mateti also expanded into hospital and healthcare verticals, motivated by emotional and humanitarian considerations. His core mission is to deliver super-speciality

healthcare at highly economical prices, ensuring accessibility wherever advanced medical care is genuinely required.

The fundamental concept of VNH Pharmaceuticals is to provide MNC-quality products with superior packaging at lower MRPs, ensuring affordability without compromising quality in the healthcare industry.

Having worked across all segments of healthcare—pharmaceutical marketing, hospitals, doctors, and chemists—Mr. Srinivas Mateti brings a unique 360-degree understanding of the ecosystem. This enables him to align stakeholder expectations effectively and manage operations smoothly, ethically, and efficiently.

His journey is guided by a single purpose:
patient-first care, doctor-centric respect, and uncompromised quality.

Dr. kalpana KIRAN VELAVENI

Director & cfa
